

Godhan Jira-Style User Stories

Phase 1 – Farmer Onboarding & Core Features

User Story 1: Farmer Registration

As a farmer, I want to register using my mobile number and OTP **so that** I can create my account. - **Acceptance Criteria:** - OTP sent and validated. - Farmer profile created. - Redirect to Profile Completion.

User Story 2: Profile Completion & Aadhaar Verification

As a farmer, I want to complete my profile and verify with Aadhaar **so that** I become a Trusted Farmer. - **Acceptance Criteria:** - Fields: Name, Phone, Email, Aadhaar. - Verification success → Green tick badge.

User Story 3: Dashboard Access

As a farmer, I want a dashboard with shortcuts **so that** I can quickly access core features. - **Acceptance Criteria:** - Show profile image, cattle count, income vs expense. - Quick links: Cattle Hub, Expenses, Wallet, Notifications.

User Story 4: Cattle Hub

As a farmer, I want to onboard cattle and track history **so that** I can manage milk production and breeding. - **Acceptance Criteria:** - Add cattle with tag, nickname, photo. - Track insemination, calving, lactation. - Daily milk log (morning/evening).

User Story 5: Expenses

As a farmer, I want to track daily/monthly/yearly expenses **so that** I can calculate profitability. - **Acceptance Criteria:** - Categories: Green fodder, dry fodder, labour, medicine. - Today's expenses editable till EOD. - Monthly/Yearly summaries with trends.

User Story 6: Wallet

As a farmer, I want a wallet **so that** I can see refunds, cashback, unsettled payments. - **Acceptance Criteria:** - Show balance + transactions. - Option to pay using wallet at checkout.

User Story 7: Notifications

As a farmer, I want in-app alerts **so that** I don't miss critical events. - **Acceptance Criteria:** - Trigger alerts: Insemination follow-up, pregnancy confirmation, calving date, expenses. - Notification center lists alerts.

User Story 8: Referral

As a farmer, I want to refer friends and family **so that** I earn coins. - **Acceptance Criteria:** - Referral link + copy button. - Show referral summary count. - Joining bonus + referral bonus applied to wallet/coins.

Phase 2 – Marketplace, Helpers, Membership

User Story 9: Cattle Marketplace

As a farmer, I want to list my cattle for sale **so that** other farmers can buy. - **Acceptance Criteria:** - Normal sale (Gold/Platinum), Auction (Platinum, ≤ 2 lactation). - Buyer pays token to unlock details. - Commission based on membership.

User Story 10: Feed & Medicines Marketplace

As a farmer, I want to buy feed and medicine from platform **so that** I get quality supplies at discount. - **Acceptance Criteria:** - Show 4 prices (MRP, Platform, Gold, Platinum). - Highlight applicable price. - Stock alerts + Notify Me option. - Ratings/reviews visible.

User Story 11: Helper Management

As a farmer, I want to manage helpers **so that** I can calculate wages and attendance. - **Acceptance Criteria:** - Add helper with photo, wages, contract. - Attendance: Present/Absent/Half-day. - Payslip generation with advance adjustment. - Experience letter + ID card.

User Story 12: Membership

As a farmer, I want different membership tiers **so that** I get benefits and discounts. - **Acceptance Criteria:** - Silver = basic, Gold = discounts, Platinum = auctions. - Coins redemption up to % of fee (configurable). - Show “You saved ₹X this year” in dashboard.

Phase 3 – Auctions, Micro-Hubs, Delivery

User Story 13: Auction Participation

As a platinum farmer, I want to list cattle in auction **so that** I can earn more. - **Acceptance Criteria:** - Eligible cattle: ≤ 2 lactation with verified history. - New bid $\geq$ last bid + ₹1000. - Auction dashboard shows history, bids.

User Story 14: Micro-Hubs

As a platform admin, I want to manage micro-hub inventory **so that** local farmers get weekly delivery. - **Acceptance Criteria:** - Supplier → District Hub → Micro-Hub → Farmer. - Stock in/out tracking. - Delivery schedule assigned.

User Story 15: Delivery

As a farmer, I want to track my delivery **so that** I know when supplies will arrive. - **Acceptance Criteria:** - Membership defines delivery charges. - Delivery tracking page with status updates.

Cross-Phase Enhancements

- Referral growth engine.
 - Vet network & teleconsultation.
 - CSR/government scheme integration.
 - Recognition: Trusted Farmer leaderboard.
 - Escrow-as-a-service for trades.
 - AI-based health forecast (premium).
-
